They were briefed on various topics covered for them in GATE 2024 based on the syllabus. They also added that the syllabus that we have in regulation is more than enough to cover this syllabus. Regarding a query from a student whether theoretical aspects will be asked for the GATE and the alumni added that no theory will be asked only problems will be added. Students got cleared on schedule for preparation as she is in 2nd year. Advice was given on various aspects for preparation like attentiveness in the class, applying for 2 papers in GATE like BT and XL, self-preparation, notes, youtube, faculty and books is more than enough than to go for classes, start the preparation by now itself than to wait to start in the future, admission through GATE you can have less fees, it is also possible to get into direct PhD with GATE. Vote of thanks was done by Dhivakar K, General Secretary of students biotech forum.

The session was concluded with thanks by Mr. N. Sathish, Alumni coordinator, Assistant Professor, Biotechnology. Guest speaker conveyed his thanks and students thanked the speaker, organizers and the management of SVCE for organizing this event.
