# Koteeswaran G T

Senior Manager at CBRE

Tamil Nadu, India

## Summary

11 years of experience handling Power plant, Data Center, Industrial and institutional Projects with PMC and Contractor Firm. My work spread across different spheres of Construction such as Site execution, Planning, Billing, Quantity Surveying and Quality Management.

## Experience

### CBRE

4 years 9 months

#### Senior Manager

May 2023 - Present (6 months)

Chennai, Tamil Nadu, India

#### Manager

February 2019 - May 2023 (4 years 4 months)

Chennai, Tamil Nadu, India

### Campus Students Communities

#### Manager - PMT

February 2018 - January 2019 (1 year)

bangalore

### CICON Engineers Pvt Ltd

#### Quantity Surveyor cum planner

June 2016 - February 2018 (1 year 9 months)

bangalore

I am responsible for Client Bill preparation, Progress tracking and updating, Material Procurement, Handling Sub contractors, QA and QC works etc

### Tata Consulting Engineers Limited

#### Senior Construction Engineer

August 2008 - April 2012 (3 years 9 months)

chennai

I was independently handling a gas based power plant package including critical gas turbine foundations, Bored and driven Cast in situ piles, Chimney, HRSG foundations etc in which I was involved in Contractor Bill certification, Construction activity Supervision, Site Planning and Quality Management etc

## **BRIEF REPORT OF THE WEBINAR**

Mr. A. Vijay Vignesh, Assistant Professor, Department of Civil Engineering, Sri Venkateswara College of Engineering has delivered the welcome address and introduced the speaker Mr. G. T. Koteeswaran, to all the participants.

The speaker welcomed the gathering and gave a definition for the term “project” and its characteristics with example. He then explained the need for project management in today’s scenario with suitable example.

He listed the different stakeholders involved in the projects and its roles and responsibilities. Then, he briefly elaborates the activities involved in the various stages of the construction project i.e. Initiation, Planning, Execution, Monitoring and Control, Project Close out.

The speaker highlighted the challenges (Poor communication, Unrealistic Deadlines, Resource deprivation) involved for civil engineers in the construction project. He explained the future advancements (BIM, 3D Printing, Drones, Digitalization in construction) in the construction sector.

Then the speaker highlighted the role of civil engineer in the different phases of the construction project.

The speaker concluded the session and discussed on the queries/doubts raised by the participants.

The session was interactive, and the questions raised by the participants were answered by the speaker. The session ended with a vote of thanks delivered by Mr. A. Vijay Vignesh, Assistant Professor, Department of Civil Engineering, Sri Venkateswara College of Engineering. The participants also had appreciated the webinar.

Overall presentation was excellent and very informative

### SUMMARY OF FEEDBACK

As a result of this lecture, I gained new knowledge

The lecture was well organized

Sufficient time was given for interaction

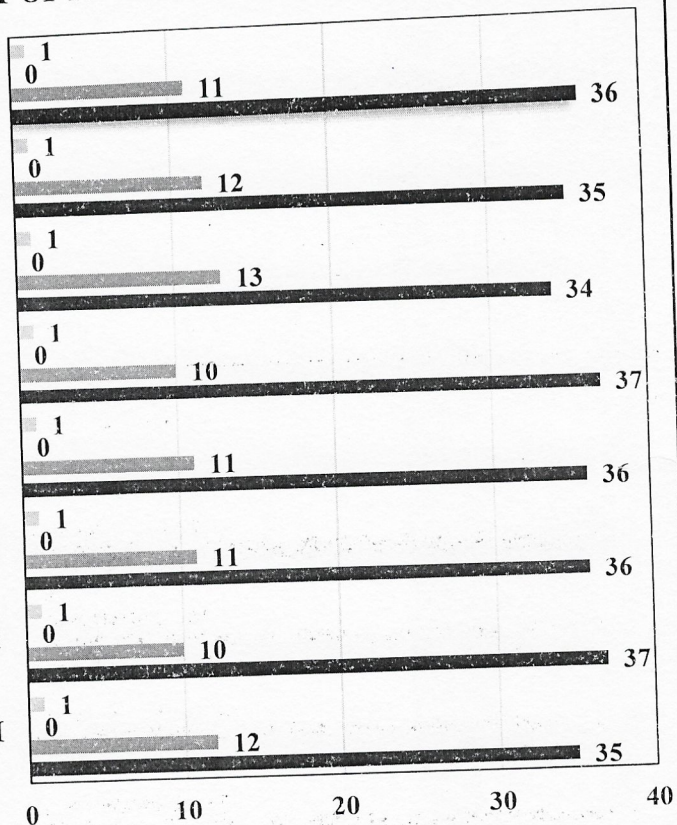

The resource person presented the information in a clear and logical manner

The resource person is knowledgeable.

The pace and duration of the lecture was satisfactory.

The subject matter was presented effectively.

The session delivered the information I expected to receive.

■ Disagree ■ Neutral ■ Agree ■ Strongly agree
