REPORT

DATE: 24-01-24

TIME:6:30 PM

Mode: Online

Target audience: Second year, third year, final year students

OBJECTIVES:

- To provide a platform for participants to enhance their technical skills.
- To encourage participants to explore and expand their knowledge in specific technical skills.

ABOUTTHEPROGRAMME:

On January 7, 2024, the Computer Society of India (CSI)-SVCE Student Chapter organized an online technical QUIZ competition called "QUIZZUP'24" for 2nd, 3rd, and final year students. This event hosted on the QUIZZ platform. A total of 50 students participated in this event from diverse departments within SVCE. The event kicked off with a welcome address by **Harshavardhini. G**, the Chairman of CSI, followed by a prayer song performed by **Akshaya. M**, the Vice Chairman of CSI. **Dr. V. Vidhya**, the CSI-SVCE student branch counselor, delivered an introductory speech, setting the tone for the competition.

The competition began with clear instructions and guidelines for the contestants, leading to the initiation of the first round, which had approximately 50 participants. From this pool, 15 students were shortlisted to advance to the second round. Subsequently, 6 students progressed to the third round from the 15 semi-finalists. The intensity heightened as a rapid-fire round was conducted, pitting the finalists against each other as they raced against time to answer a series of questions.

OUTCOME OF THE PROGRAMME:

- It is advantageous to comprehend both what individuals have understood and the extent of their comprehension regarding a subject.
- Well-targeted and custom-made quizzes can help boost students' self-esteem and confidence
- Quizzes can help students engage with the subject material and motivate them. They can also help students practice their knowledge and pique their interest in other topics.
