**REPORT ON WEBINAR LECTURE ON "ILLUMINATING THE PROCESS OF
CHROMOSOME REPLICATION: A SINGLE-MOLECULE APPROACH IN
GROWING *ESCHERICHIA COLI* CELLS"**

28th FEBRUARY, 2017

Webinar on "Illuminating the Process of Chromosome Replication: A Single-Molecule Approach in Growing *Escherichia coli* Cells" was organized by the Department of Biotechnology, Sri Venkateswara College of Engineering, Sriperumbudur on 28th February, 2017 at 1.30 PM in the Biotechnology Conference Hall. Prof. M. Sivanandham and Prof. E. Nakkeeran organized this Webinar.

The lecture was started with a welcome address by Prof. E. Nakkeeran, Head, Department of Biotechnology, SVCE. Prof. M. Sivanandham, Secretary, SVEHT & Visiting Professor of Biotechnology, SVCE addressed the participant on the importance of the lecture and introduced the guest speaker, Dr. Sriram Tiruvadi Krishnan, French Agricultural Research Institute (INRA), Domaine de Vilvert, 78350 Jouy-en-Josas, France.

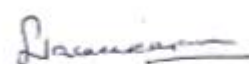

The speaker enlightened the participants with the informative talk on "Illuminating the Process of Chromosome Replication: A Single-Molecule Approach in Growing *Escherichia coli* Cells". Participants (students and faculty members from SVCE) attended the lecture. It was followed by a question and answer/interaction session. The guest speaker, Dr. Sriram Tiruvadi Krishnan addressed the questions raised by the participants and interacted with the participants. 80 participants were attended this lecture and got benefited.

The lecture ended with a vote of thanks delivered by Prof. E. Nakkeeran, Professor Head, Department of Biotechnology, SVCE. Guest speaker, Dr. Sriram Tiruvadi Krishnan thanked the organizers and the management of SVCE for organizing this lecture. Feedback forms were collected from the participants. The program was very well received and appreciated by the participants.
