2nd Floor, E.K Complex, Main Road,
Kazhakkootam, Trivandrum
Kerala - 695582

Convenor & Organizing Secretary

Dr. R. Kumutha, Professor & Head/Civil Engineering

Coordinators

Mrs. Ruby Freya, Assistant Professor/Civil Engineering
Mr. A. Vijay Vignesh, Assistant Professor/Civil Engineering

Target Audience: Faculty members

Number of Participants benefited: 9

UG Students	: 0
Faculty	: 6
Industry Professional	: 0
Lab Technicians	: 3
Research Scholar	: 0

Total No of Internal Participants – 9

Students – 0, Faculties – 6, Lab technicians – 3

Total No of External Participants – 0

Students – 0, Faculties – 0, Others - 0

SRI VENKATESWARA COLLEGE OF ENGINEERING
DEPARTMENT OF CIVIL ENGINEERING

23.02.2022

Submitted to the Principal

Sub: Training Program on Construction Management in BIM with Project Management-
reg

We are planning to conduct a Faculty Development Online training program on "Construction Management in BIM with Project Management" (Topic 1) and 8 members (faculty and staff) members are interested to attend this program. Through this program they will get hands on experience for software like Revit architecture, Navisworks and Primavera. This program would enable the faculty members to teach value added courses and also to offer a certificate course on BIM as it is one of the latest technologies which the construction industry is looking for from the Civil Engineering graduates. The training will be given by BIMLABS Engineering Services Pvt.Ltd. and the training cost is Rs.30000/- (Rupees Thirty Thousand only). Upon successful completion of program, participants will be certified by AutoDesk.

Kindly grant us permission for conducting the training program. The details of the program and the list of faculty and staff members attending the program are attached herewith for your reference.

BRIEF REPORT OF THE PROGRAM

Mr. A. Vijay Vignesh, Assistant Professor, Department of Civil Engineering, Sri Venkateswara College of Engineering has delivered the welcome address and introduced the speaker to all the participants.

Day 1

Mr. Jishnu Sivadas welcomed the gathering and gave a brief overview on BIM in construction projects. He explained about the user interface of Revit Architecture Software. He demonstrated the purpose of architecture modeling. The speaker elaborated the option called Import & linking CAD Files with different file types. The speaker demonstrated how to use and manage templates in Revit Architecture, how to create levels for a typical building plan. The speaker gave hands on training on how to create and manage Walls and Floors in a given building plan. He later showed how to place the doors and windows in the structure. The participants are interactive throughout the session.

Day 2

Ms. Seena gave a hands-on training on creating/modifying Rails and Ramps, Roofs, Ceilings for typical building plan in Revit Software. She demonstrated how to use and manage the material properties for each component.

Day 3

Mr. Jishnu gave a hands-on training on creating Families with different properties in Revit software. He then demonstrated how to estimate and schedule the Quantities (Material takeoff) for Doors, Windows and other components.

Day 4

Mr. Vishnu gave a hands-on training on Primavera software in which he explained how to set up Organization Breakdown structure, Enterprise Project structure, Work breakdown structure and Calendars; Creating activities for project, Assigning relationships to the activities. He later demonstrated how to schedule the project in Primavera software.

Day 5

Ms. Greeshma explained about the use of Navisworks software in project management. She demonstrated how to export & linking .nwc files into Navisworks software. She also gave hands on training on Resource assignment and 4D simulation in Naviswork software.

Day 6

Ms. Greeshma clarifies the doubts raised by the participants using the primavera software. The speaker concluded the session and discussed on the queries from the participants. The session was interactive, and the questions raised by the participants were answered by the speaker. The session ended with a vote of thanks delivered by Mr. A. Vijay Vignesh, Assistant Professor, Department of Civil Engineering, Sri Venkateswara College of Engineering. The participants also had appreciated the training program.

Program Objectives

The objectives of the program are:

- To provide an opportunity to know about the importance and usability of software packages like Revit Architecture, Primavera P6, Navisworks for various civil engineering applications.
- To impart knowledge and awareness on software packages for modeling of structures, cost estimation and project management among the faculty members.

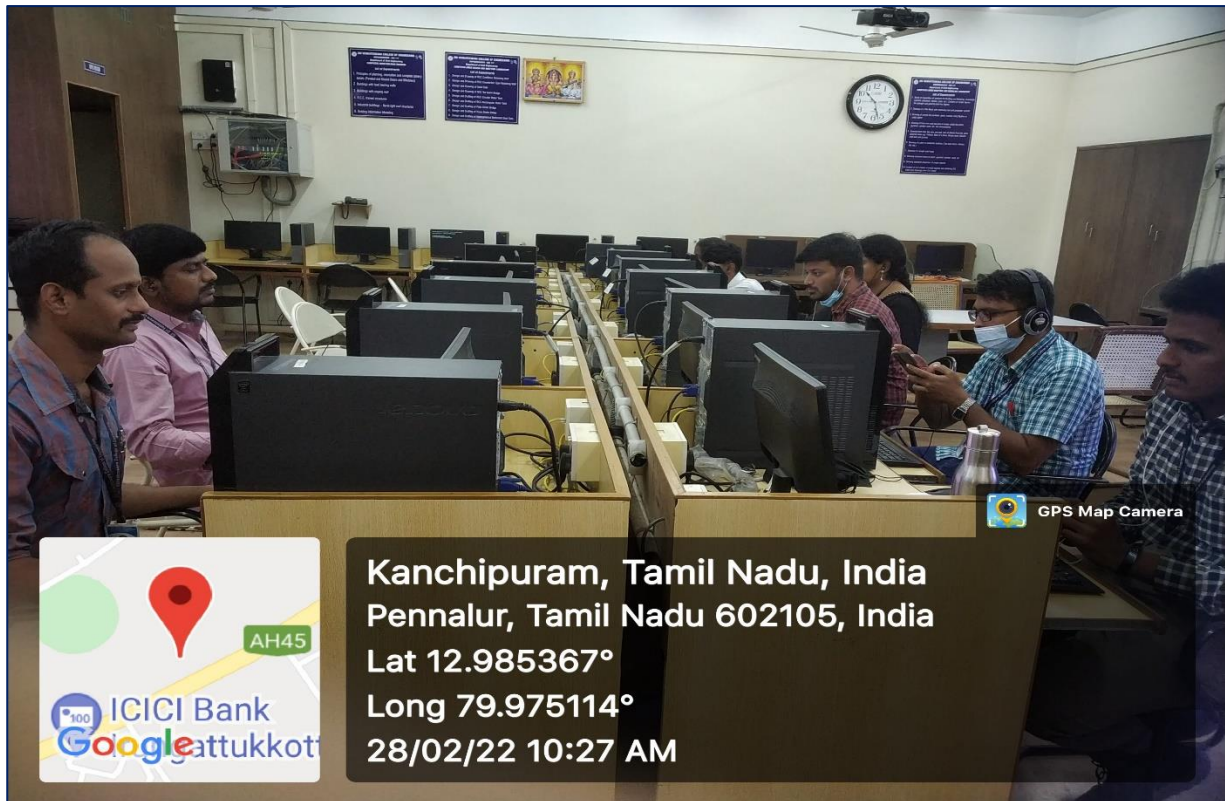

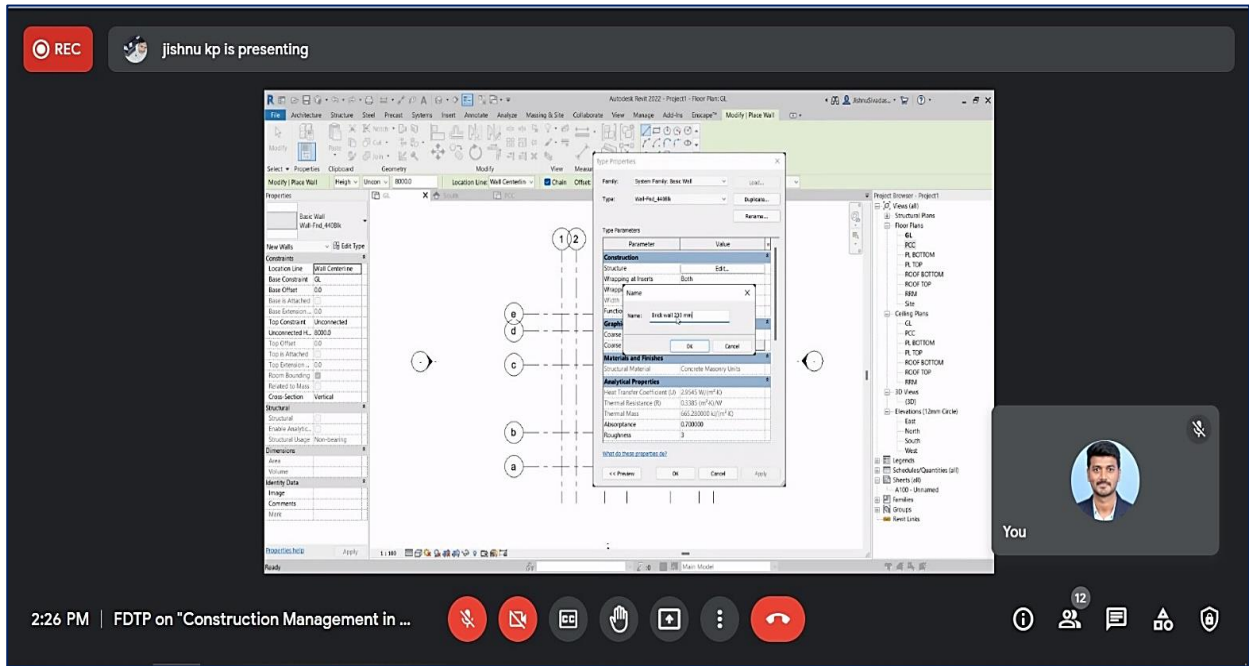

The following Program Outcomes (POs) and Program Specific Outcomes (PSOs) were addressed during the Faculty Development Training Program (FDTP)

Additional Comments/Feedback

9 responses

Duration of the training was short and pace of the training (for few sessions) was fast.

Kindly conduct the training in offline mode.

Gained knowledge on the basic operations in the Revit, Primavera and Navis software

Good

well explained. Every Session Nice Presentation.

Very informative. Got good knowledge on Primavera. Navisworks was completely new to me.

Informative Program. Got an Hands on training in Revit Architecture, Primavera P6, Navisworks softwares.

I Learn About Much of Revit And Primavera Software

Thank you
