

ONE-DAY SEMINAR ON “EMERGING AREAS IN THE FIELD OF ENGINEERING”

Program Schedule

Time	Program
9:30- 9:45am	Welcome Address
9:45-10am	Introductory address by the IEEE Chairperson (VP)
	SEMINAR – I
10-11am	Application of Power Electronics – Mr.AKASH S, Final Year, EEE
11am-12pm	Artificial Intelligence – Mr. ASHWIN S., Final Year, EEE
12-12:40pm	LUNCH
	SEMINAR – II
12:45-1:45pm	FPGAs in recent research – Mr. RAGAVANDRA T R, Final Year, ECE
1:45-2.45pm	Internet of Things – Mr. HARISH A, Final Year, EEE
2:45-3:05pm	Current fields of research and ways to get internships – Mr. G. BARATHRAJ, Final Year, EEE
3:05-3:10pm	Vote of Thanks by the IEEE Student Branch President

To enlighten the students with idea on Emerging areas in the field of Engineering, a seminar was conducted by the IEEE Student Branch of SVCE for the students pursuing second year on 5.10.2017. Around 56 students participated in the workshop. The participants were given brief introduction to Artificial Intelligence, Internet of Things, Application of Power electronics and FPGA’s future by the 4th year seniors from EEE and ECE departments. Then they were given guidelines on way to get good internships in reputed institution and few project ideas.
