Objectives (Maximum 50 words):

The make aware of the required skills for the Engineering graduates post
COVID - 19 era.

About the programme(Min 500 words):

The entire world is facing a pandemic situation which erodes several job opportunities across the globe and in particular in the engineering fraternity. To provide an overall skills that are required by an engineer to compete with the fellow peers in the current competitive world, the programme was targeted towards the young budding engineers. Dr. M. Balaji, Dean-MBA, Thiagarajar School of Management, Madurai delivered an webinar on the above topic. The speaker provided good insights of the various skill-sets required for the young engineers. He spoke about the industrial scenario with some live examples and provided guidelines to tackle the same. Further, he urged the students to develop multi-skills which is the new normal required in the industry. He ended the session upon clarifying the queries raised by the participants.

Benefits (Maximum 50 words):

The programme was attended by 456 students and 10 young faculty members of the institute and benefited in acquiring the objective of the programme.
