Dear All,

Greetings from **IETE SF SVCE !!**
Scientists discover the world that exists ; Engineers create the world that never was.

Happy Engineer's Day 🧑🏫 🧑🏫 !!

Hey Guys !

Have you been curious all these days to know

What is *5G?*

#Learn everything you need to know about 5G

Is 5G factual or HOAX 🤔

Come attend our webinar to know answers for all your doubts on 5G !!

REPORT ON WEBINAR

“5G AND IT’S HISTORY”

The webinar was organized by the IETE student forum in association with Placement cell of Sri Venkateswara College of Engineering. The technical talk was delivered by Mr.Sunder Palaniraj, Director IC-design, TDK InvenSense on 20/09/2020 from 6:00 PM to 7:00 PM (Sunday). 90+ participants actively participated in the webinar.

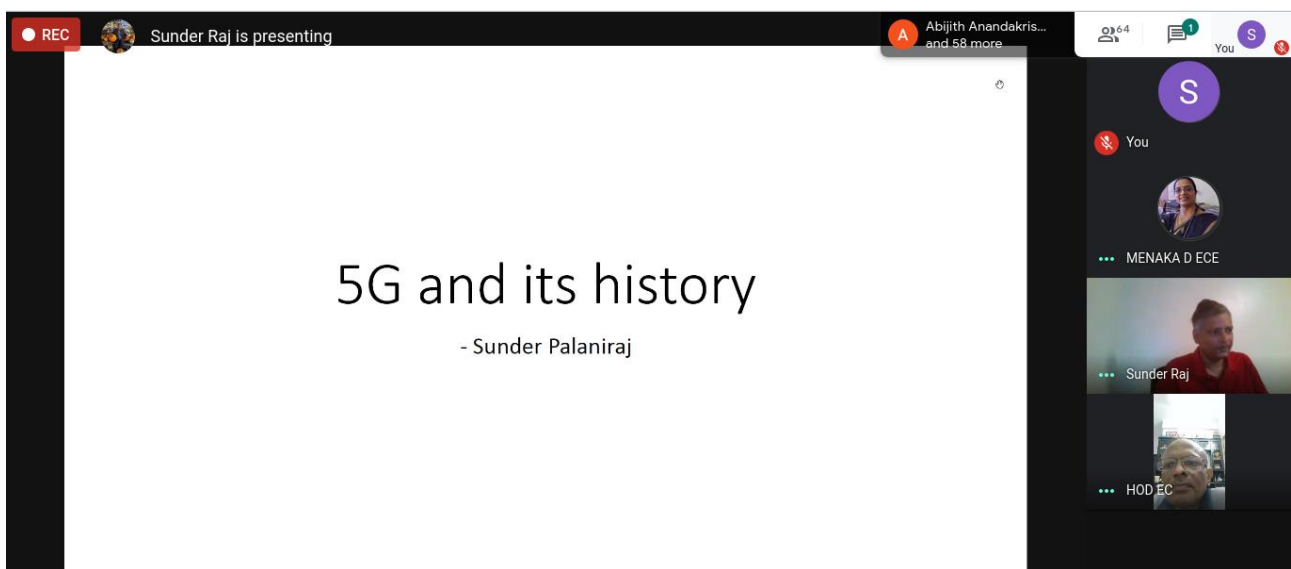

The flyer is a vertical rectangular graphic with a purple-to-blue gradient background. At the top, it features three logos: IETE, Sri Venkateswara College of Engineering, and the Institution's Innovation Council. The main text is centered and reads: 'Sri Venkateswara College Of Engineering', 'Department of Electronics and Communication Engineering', 'The Institution of Electronics and Telecommunication Engineers', 'In Association with Placement Cell Presents', and the title **"5G AND IT'S HISTORY"**. Below the title, it says 'A Technical Webinar by Mr.Sunder Palaniraj', 'Director IC Design', 'MEMS Sensors Business Group', and 'Sensor Systems Design Company'. A small portrait of Mr. Sunder Palaniraj is shown in a circular frame. To the right of the portrait, it says 'REGISTER HERE', followed by the URL <https://tinyurl.com/5g-and-its-history>, the date '20th September, 2020', and the time '6-7Pm'. At the bottom, there are icons for a globe, a calendar, and social media handles: 'www.ietesfvce.com' and 'insta_iete_svce'.

FLYER OF WEBINAR “5G AND IT’S HISTORY”

Mr.Sunder Palaniraj graduated from Government college of Engineering, Salem and has completed his masters at Monmouth University, USA. He has worked as an Application Specific Integrated Circuit (ASIC) Engineer at General Instruments and Sun Microsystems for three years each. He

also worked for Terayon Communications as a Senior ASIC engineer and as an ASIC Design manager. He has worked as the Director of digital VLSI at SiPort for 6 years. He was also a senior manager at Intel Corporation. He was the ASIC director at Keyssa for 4 years. He is currently working for InvenSense, A TDK group company as the Director IC-design.

Ms.D.Menaka,SVCE-ISF Coordinator delivered the welcome address. Dr.S.Muthukumar,Head of the Department,dept. of ECE welcomed the speaker and the participants. Mr.Thanigaivel, Honorary Treasurer IETE-SF introduced the speaker. The webinar was anchored by Ms.B.Amirta Josna,Executive member IETE-SF.

The session progressed with the expert talk by Mr.Sunder Palaniraj. He gave a detailed outlook on 5G and it's history.

Some of the key points discussed in webinar were:

The Speaker commenced with the history of communication and the differences among the features of 1G, 2G, 3G, 4G and 5G. He explained about the access systems and core networks used in different generation technology. We got a clearer insight on the data rate and latency of the communication networks. He went on and detailed us with the applications of the different generation technologies. The speaker talked about the standards and the companies involved in each of the communication network. He also explained the IoT standard and the speed and latency involved in 5G. He spoke about the triple play and the marketing field of 5G based on different industries. The speaker proceeded to talk about the various advantages and applications of NB-IOT (Narrowband). He filled us in with all the opportunities for the 5th Generation of communication technology.
