The IEEE student branch of SVCE organized Circuitrix'21 was for people who delve deep into untangling the circuits day and night. The event was held in three rounds. The number of students participants is 123 (Junior segment – 65, Senior segment – 58). The first round is a Technical Quiz consisting of multiple-choice questions based on technical topics through an online proctored website. The second round is Technical Adzap. The participants were asked to sell the technical product which was offered and impress with a creative approach on selling it to the judge within the time.

The final round was Circuit debugging. The questions were given and the solved answers were uploaded as a document to ieesvcesc@gmail.com. The event was conducted as Junior & Senior Segment. The junior segment was exclusively for 1st-year students. The senior segment was for 2nd & 3rd-year students. The above-mentioned rounds were the same for both yet vary in complexity.

The following students won first and second place in junior and senior segment.

Junior Segment

1.Subashini S

2.Roobash M

Senior Segment

1.Gayathri B

2.DiviyaBhavaani MB
