Respected Sir and Ma'am,-

The Electronics and Communication Engineers Association, the Institution of Electronics and Telecommunication Engineers Student Forum and the Robotics and Artificial Intelligence Club have been able to engage the students actively throughout the academic year 2020-2021. All activities were made possible because of the encouragement and great support extended by our college and since you have entrusted a great freedom and trust on us.

We feel extremely happy to bring to your kind attention the proposal to organize a one day workshop on "PCB design" to be conducted by Ms. Premalatha.R , Alumni of ECE department, SVCE , a technical treasure hunt "Tech-Mystery" and a one on one debate "Tug of Word's war" on latest technologies. The events are planned to be held ^{online} online, the workshop on 23rd oct 2021, and the 2 technical contests on 24th oct 2021. . The workshop is planned for the second and third year students of the ECE Department and the contests are planned for all the circuit branch students to enhance their technical knowledge on circuit designing, IoT and give them a brief idea of the latest trends and real-time applications. Given an opportunity and with your never-ending support, we are confident the event will offer a platform for the students to discover the excitement of learning technical skills. Kindly consider the above proposal.

The Workshop on PCB Design was organized by Electronics and Communication Engineers Association (ECEA), Institution of Electronics and Telecommunication Engineers Student Forum of SVCE (ISF SVCE) and Robotics and Artificial Intelligence Club (RAIC) of the department of Electronics and Communication Engineering. The Chief Guest for the ceremony was Ms.R.Premalatha, Hardware Lead, Zettaone Technologies. The virtual meeting commenced at 5:30 PM on 23/10/2021 (Saturday). **55+ participants (34 Boys and 24 Girls)** actively participated in the gathering.

FLYER OF THE PCB DESIGN WORKSHOP

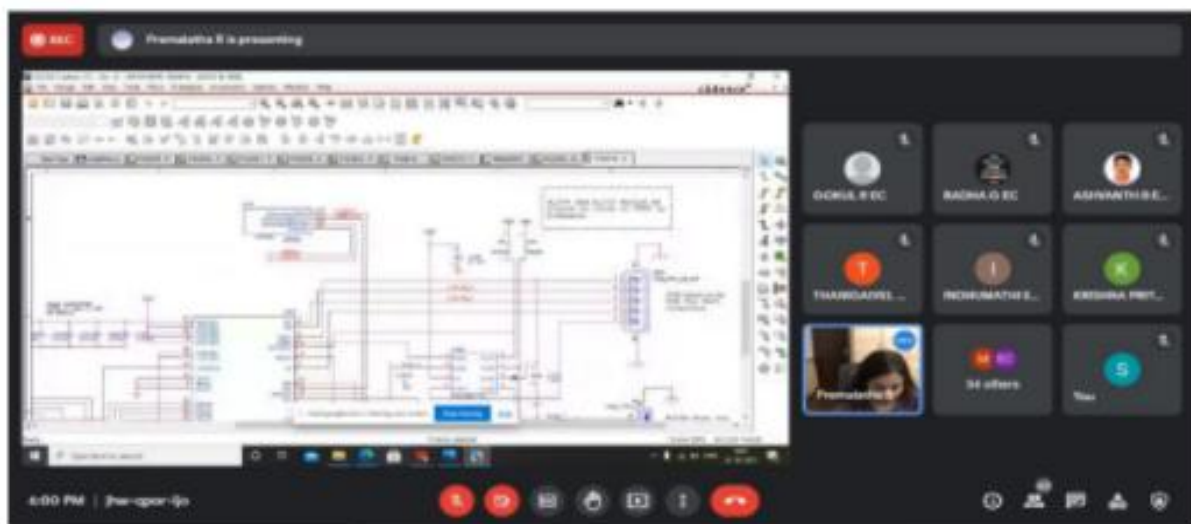

The event was scheduled from 5:30 PM to 7:00PM. Dr.B.Ashvanth, Assistant Professor, Department of ECE delivered the welcome address. Dr.S.Muthukumar, Head of the department, dept. of ECE welcomed the students and spoke about the importance of PCB design. Mr.R.Gokul, Secretary, ECEA introduced the chief guest – Ms.R.Premalatha, Hardware Lead, Zettaone Technologies. Ms.G.Radha, Executive member, ECEA anchored the event.

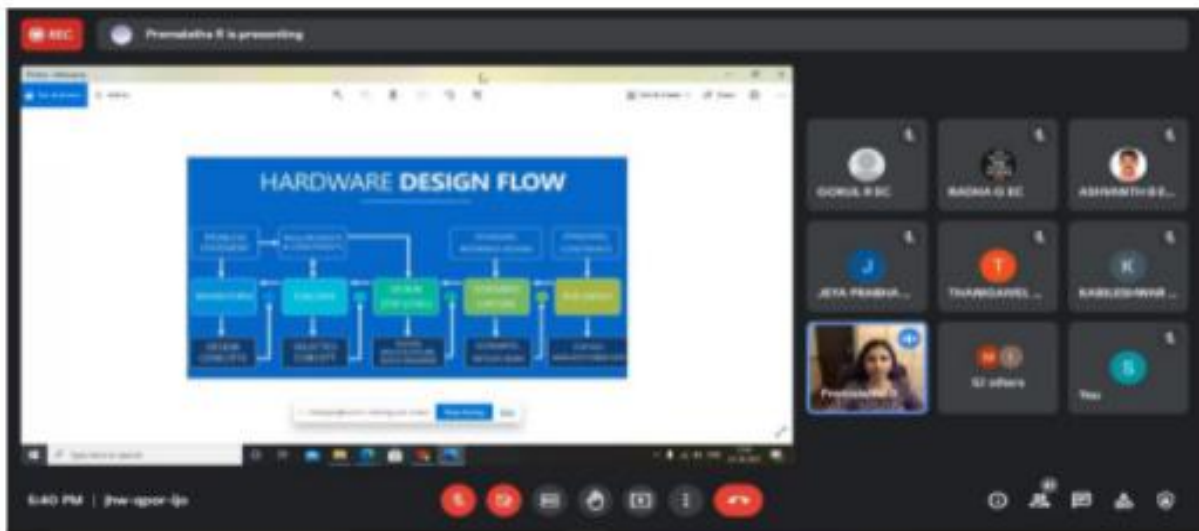

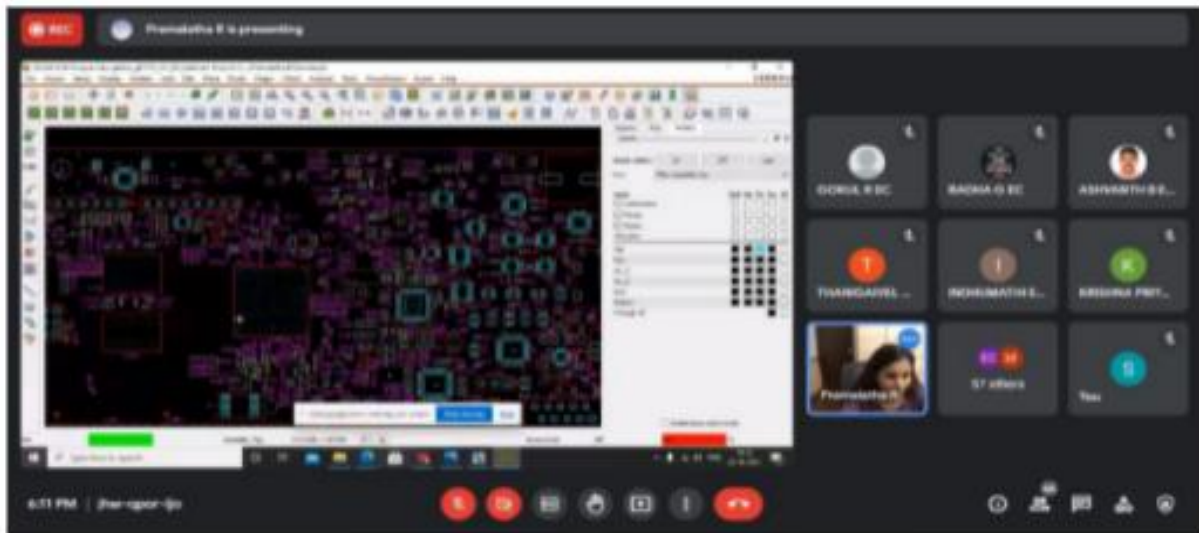

CHIEF GUEST ADDRESSING THE GATHERING

Ms.R.Premalatha, currently working as a Hardware Lead at Zettaone Technologies with over 10 years of experience as a Hardware Board design Engineer in the design & development of High-Speed PCBs for electronic products across various domains such as Networking & Telecom, Consumer, and automotive. Ms.R.Premalatha received her B.E. in Electronics and Communication Engineering from our college in 2003. After her UG, she joined Midas Communication Technologies as an engineer and then she moved to HCL technologies to work as a lead engineer in hardware design and development of networking products. Currently, she is working full time as a Hardware lead in Zettaone Technologies. She has rich experience in various phases of product development from High-level design, Component Engineering, Schematics, Layout support, Prototyping. She also has vast experience in diagnostics & system testing, validation & compliance testing to product release, and customer support

The Chief Guest began with the basics and preliminary steps involved in designing a PCB. She went on to elaborate the complexity involved in designing the same. The significance of a schematic sketch was thoroughly explained. Going further she highlighted the importance of PCB in electronic devices. The layers present in a PCB and a basic idea of the processors involved were discussed. A practical PCB was designed and demonstrated step-by-step with the help of a software tool (EDA) by the Chief Guest. The participants were also explained about using the tool effectively. The benefits and future scope of PCB were made clear to the students.

SCREENSHOTS OF THE WORKSHOP

A Q&A session was conducted towards the end and students actively participated by pitching their queries. The Chief Guest was presented an e-memento by Ms.T.J.Jeyaprabha, ECEA, ISF SVCE and RAIC coordinator. Ms.M.Mahalakshmi, Executive member, IETE SF SVCE delivered the Vote of thanks.
