Unleashing a Spectrum of Creative Dimensions

Report

INFINITUS, one of the most distinguished 5 day flagship event organized by the EWB SVCE Student Chapter exclusively for sophomores aimed at unleashing one's inner competency, true potential to crack the complex puzzles and spot thinking capability which tested students' analytical, oratorical, technical cognizance and brought them to the stage for them to express.

DAY 1

DATE: 5th Feb, 2024.

VENUE: Block – I

On the first day of the "The Da Vinci Code" event, attendees were fully involved in decoding cryptograms and uncovered encrypted communications with the aid of the source indications. Equipped with an elementary code, students faced 3- and 5-word sentences in a 15-minute time limit, trying to answer as many riddles as possible. Over the course of the two hours, individuals excitedly advanced based on their ability to solve cryptograms, creating an interesting atmosphere.

DAY 2

DATE: 6th Feb, 2024.

VENUE: Block - 1

Engaging in brain teaser activities, participants solved puzzles and riddles that go beyond basic logic. These were lateral thinking problems that called for a more imaginative and delicate way of thinking.

Participants had fifteen minutes to solve a series of brainteasers, and the goal was to solve as many as they could. The participant's ability to solve these mental puzzles in the allotted time was what decided whether or not they moved on to the next round.

DAY 2 WINNERS

Day 4

DATE: 8th Feb, 2024.

VENUE: Function Hall

Embark on an engaging flow through time with our interesting concept, "Time Travel Adventure - Technological Revolution." In order to shape the future, players will examine significant historical occurrences and make key decisions. The ability to make intelligent, well-reasoned decisions at key points and the accuracy of historical knowledge in conversations are two evaluation criteria. This interesting experience is scheduled to last three hours, and it aims to be an interesting look at how technology has affected historical timelines. Prepare to explore the mysteries of time as you embark on this fascinating and educational flow.

WINNERS OF DAY 4 (FINALIST)

- 1) Abineha A
- 2) Mageshwari R
- 3) Kavin Bharathi K M
- 4) Manoj Kumar A
- 5) Srimathi R

Day 5

DATE: 9th Feb, 2024.

VENUE: Library Seminar Hall

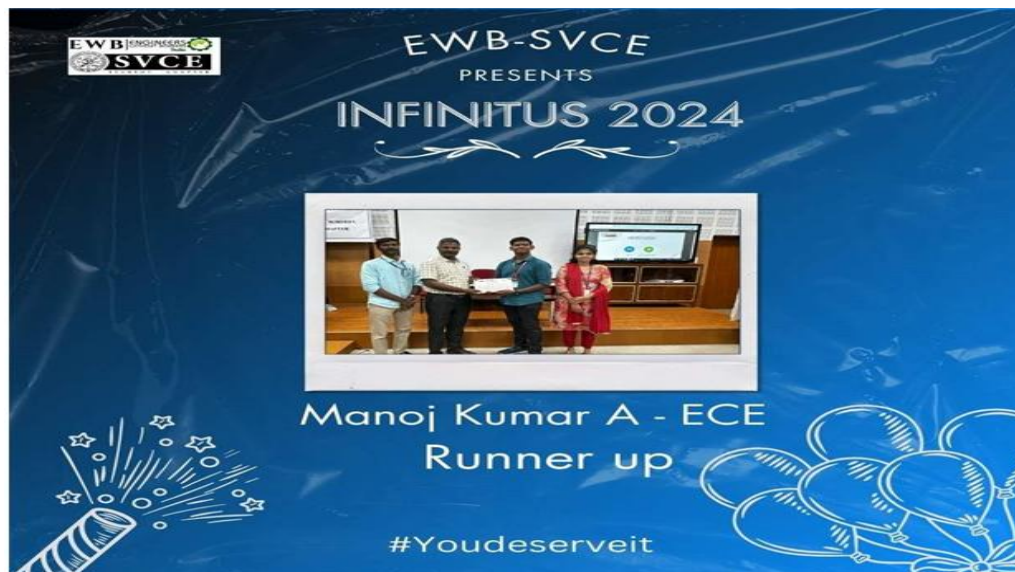

In the "Stock Market Challenge," participants use a budget to bid on and purchase businesses from a wide range of 50 alternates. After the auction, competitors offer creative ideas related to their purchased companies, exhibiting their understanding of the market and pitching abilities. During the two and half hours of the event, competitors are judged on their decisionmaking abilities and convincing pitches. The winner with the most points overall is chosen by converting the remaining unspent funds into points. It's a dynamic combination of creative thought and financial intelligence.

Valedictory

Dr. E. Nakkeeran Ph.D, Professor and Head of Department Biotechnology served as the chief guest for valedictory .The winner turned out to be from the Electronics and Communication Engineering “Srimathi R”. The Rolling Trophy was awarded to the winner and will be passed on to the next year's winner.

Manoj Kumar A, an Electronics and Communication Engineering student, is the runner-up. The entire event ended on a high note with everyone's active participation and support provided.
