**DEPARTMENT OF AUTOMOBILE ENGINEERING**  
SAE COLLEGIATE CLUB OF SVCE &  
ASSOCIATION OF AUTOMOBILE ENGINEERING  
**“TECHNOWAYS 2K24 REPORT”**

The **Technoways**, a National Level Tech Fest, was organized by the Association Of Automobile Engineers (AAE) & SAE Collegiate Club Of SVCE in association with the Students' Council of SVCE on 15<sup>th</sup> & 16<sup>th</sup> March 2024. It stands as a testament to our commitment to fostering innovation and technological advancement. This year's symposium, themed "Technological Frontiers: Navigating Innovation," attracted participants and enthusiasts from across the nation to engage in a diverse array of technical competitions and workshops.

Among the plethora of events, the Automobile Department showcased its expertise with events like "Pitstop," "Rev It Up," and a comprehensive "Basics of Automotive Tuning" workshop. These events not only drew significant participation but also provided invaluable hands-on experience and learning opportunities for the attendees.

The enthusiastic response from participants was evident, with a staggering turnout of 32, 50, and 49 students respectively for "Pitstop," "Rev It Up," and the automotive tuning workshop. Their active involvement and keen interest underscored the success and relevance of these events.

To recognize and reward outstanding performance, generous cash prizes were awarded to the winners. The first-place winners received a substantial reward of Rs. 5000, while the runners-up were awarded Rs. 3000. Certificates were also provided to all the participants, symbolizing excellence and achievement. These prizes were graciously distributed by the Head of the Department, adding a sense of honor and prestige to the occasion.

## Event description

Pitting, a term from F1 racing, involves cars arriving at designated pitstops to change tires or make repairs

Participants change tires with provided tools.

Times are recorded, with top 3 teams winning.

## Rules

- Each team can consist of a maximum of 2 members. One member participation will also be allowed.
- Teams should only use the tools provided by the event organisers. Any additional tool usage is prohibited.
- The car setup will be stationary, no changes to be done on that.
- Innovative techniques are open, but the final deciding authority will be assessing the fairness of the technique.
- The decision of the event organisers will be considered FINAL in any circumstances

**Technoways - Events**

**1. PITSTOP**

**Event Name:** PITSTOP

**Date, Time:** 16 Mar 2024, 10:00 AM – 12:00 PM

**Description:** "Pitting" is a common term used in F1 racing. It is the time period in which the car arrives at their allocated "Pitstop" to change the tires or repair any damages occurred to the car during the course of race. Participants will be asked to change the tires of a particular car, with the given tools. Time taken by the teams will be noted down. Top 3 teams with the minimum time taken to change the tires will be announced as the winner and runners.

**Tagline:** "Speed, Precision, Victory: Test Your Pitstop Prowess!"

**Rules:**

- Each team can consist of a maximum of 2 members. One member participation will also be allowed.
- Teams should only use the tools provided by the event organizers. Any additional tool usage is prohibited.
- The car setup will be stationary, no changes to be done on that.
- Innovative techniques are open, but the final deciding authority will be assessing the fairness of the technique.
- The decision of the event organizers will be considered FINAL in any circumstances.

**Requirement for the event:** Static car with jack, necessary basic tools, stopwatch.

**Venue:** Automobile Components Laboratory.

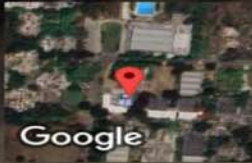

**Team Size:** 1 – 2.

SRI VENKATESWARA COLLEGE OF ENGINEERING  
FEEDBACK FROM THE SPEAKER - GUEST LECTURE

DEPARTMENT : B.E. AUTOMOBILE ENGINEERING

Name of the Speaker	: Ashwin Duxai
Designation	: CEO
Institution/University/Organisation	: ICD TUNING, ADYAR
Mobile / E-mail	: —
Title of the Lecture	: Basic of Automotive Tuning
Date	: 15/03/2024
Time	: 10.30AM to 1.00 PM
Venue	: Automotive Components Lab.
Comments by the Speaker	: Students are interactive, Easily grasp Concepts when explained. Good technical knowledge.
Suggestions for improvement	: NIL
Signature of the Speaker	: 

  
Signature of Coordinator

  
Signature of HOD

SRI VENKATESWARA COLLEGE OF ENGINEERING  
FEEDBACK - INPLANT TRAINING / SHORT TERM COURSE

Name of the Student	SHIVABAALAJI.V
Branch/Semester/Section/Roll No.	Automobile Engineering/W - 1015
Industry/ Institution Visited	Components Lab, SVCE
Duration of Training/ Course with date	2 hours / 15-03-2024
Plants visited during training	Automotive Tuning Workshop.
Whether the training/Course was useful? In what way? Give reasons.	Yes the training was useful.
Any other suggestions	Help us by using presentations during the session.
Report and Copy of Certificate submitted.	
 HOD	 Faculty Incharge

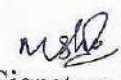

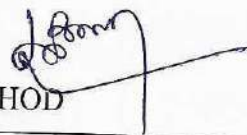

The person who has attended the course should prepare this in triplicate and submit copies to: **A2, A3 and Dept.**

SRI VENKATESWARA COLLEGE OF ENGINEERING

FEEDBACK - INPLANT TRAINING / SHORT TERM COURSE

Name of the Student	M. Shanmuga kelan
Branch/Semester/Section/Roll No.	EEE / VI / B / 308
Industry/ Institution Visited	Sri Venkateswara College of Engineering
Duration of Training/ Course with date	2 hours / Basics of Automotive tuning / 15/9/24
Plants visited during training	Automotive Components lab.
Whether the training/Course was useful? In what way? Give reasons.	
<p>This training helps me to know the Basics working of Automotive Components and what is the benefits of tuning the vehicles. Its very informative.</p>	
Any other suggestions	
<p>Good, but little increase the practical or hands on Workshop for better understanding.</p>
