# REFLECTION REPORT

The "Freshers Stories" event was organized and took place in the Video Hall, commencing at 9 am. With a participation strength of 66 members, the event was hosted by Abhinav and Harrshithaa from the Planning team.

The event was divided into three rounds, each designed to engage and challenge the freshers.

## **ROUND ONE: Connections**

In the first round, "Connections," participants engaged in a lively competition. The round featured a set of images, with participants tasked to guess the correct answers. Scoring was based on both accuracy and speed. The initial round had sets, each accommodating 7 individual participants. The top 2 scorers from each set were selected to the next round. In case of tiebreakers, additional image sets were presented. Importantly, there was no negative scoring for incorrect answers.

## **ROUND TWO: Picture Yourself**

The second round, "Picture Yourself," required participants to showcase their problem-solving skills. Each participant selected a situation from 5 sets of questions, provided to them to be picked from the bowl, they had to prepare for 2 minutes, and pitched their solution in a 2-minute time frame. With 10

pairs of questions, participants demonstrated their ability to think on their feet. The best pitches were selected for the next round.

### **Round Three: Block and Tackle**

In the final round, "Block and Tackle," participants faced a unique challenge. They were tasked with a topic and given a brief 1-minute preparation window to formulate arguments both in favor and against it. Throughout the event, the game master alternated between "block" and "tackle," compelling participants to express either support or opposition to the assigned topic. Assessment criteria included their grasp of the subject, effective articulation, points validation, and proficiency in speaking. Each participant was allocated 2 minutes to articulate their perspectives on the given topic.

Following the completion of the three rounds, the top 2 performers emerged, showcasing exceptional skills and performance. In recognition of their outstanding achievements, these individuals were duly awarded prizes, underscoring their commendable performance throughout the event. The certificates were presented by Dr. R. Anitha, the Head of the Department, and Dr.T.Padmavathy, ASP/CSE acknowledging the participation of the winners. The first-place winner of the event was Arjun/AD, a first-year student. The second prize went to D Ashika Haseen S, also a first-year student from AD.

The students who participated in the event provided positive feedback, expressing their genuine enjoyment. They expressed a keen interest in having more events with a similar format in the future. This collective sentiment underscores the success of "Freshers Stories" and indicates a strong desire for upcoming engagements that blend entertainment with skill showcases.
