Reflection Report

On

Workshop on Emerging Data Engineering Technologies

Organizing Secretary

Dr. P. Janarthanan

Coordinators

1. Dr. J. M. Gnanasekar
2. Dr. T. Rajasekaran
3. Mr. K. Srinivasan
4. Ms. S. Yuvaprabha

Technical Support

Mr. J. Senthilkumar

Convener

**Dr. R. Anitha
Professor & HoD/CSE**

Date :29th – 31th January 2024

To: HoD - CSE
Noted
26
2/3

Forwarded to
Principal:
19/3/24

Sri Venkateswara College of Engineering, Pennalur -602117
Department of Computer Science and Engineering

Workshop on Emerging Data Engineering Technologies - (ONLINE)

Date: 29-01-2024 to 31-01-2024

Timing : 6:00pm - 7:30pm

Date	Speaker Name	Topic
29-01-2024	Sundar V Designation-Associate Consultant at Ernst & Young	Generative AI & LLMs
30-01-2024	Suraj Ram S Designation - Software Engineer at EmbedUR systems	Dockers Technology
31-01-2024	Sree Vishal R Designation-Senior Engineer at Smallcase	TDD with SOLID principles

Organizing Secretary

Dr. P. Janarthanan

Coordinators

Dr. J.M. Gnanasekar

Mr. K. Srinivasan

Dr. T. Rajasekaran

Ms. S. Yuvaprabha

Technical Support

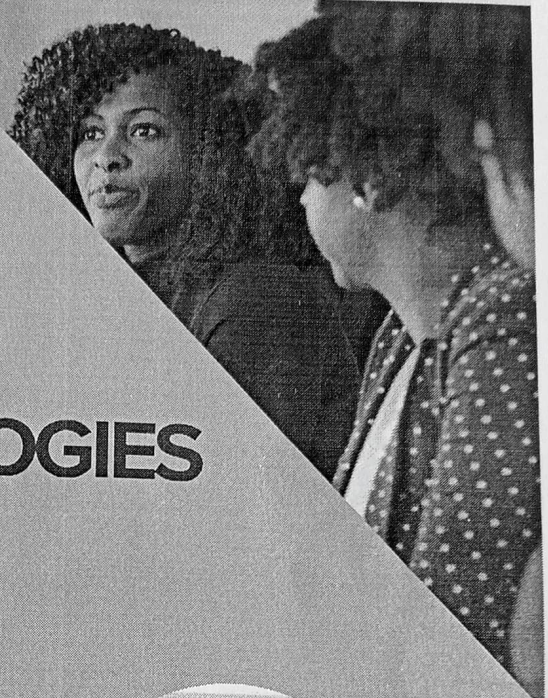

Mr. J.Senthil Kumar

WORKSHOP ON EMERGING DATA ENGINEERING TECHNOLOGIES

(Online Mode)

9-01-2024 to 31-01-2024

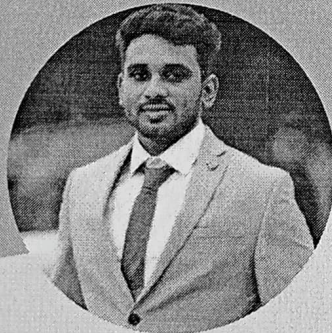

6:00pm - 7:30pm

SURAJ RAM

SOFTWARE ENGINEER,
EMBEDUR SYSTEMS,
CHENNAI

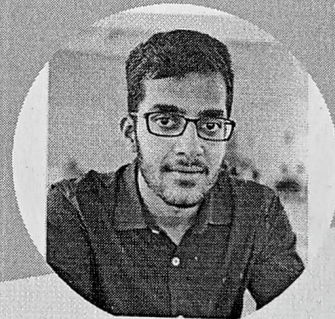

[ALUMNI B.E. (CSE) 2022]

SREE VISHAL

SENIOR DEVELOPMENT
ENGINEER,
SMALLCASE, BENGALURU

[ALUMNI B.E. (CSE) 2022]

SUNDAR

ASSOCIATE CONSULTANT,
ERNST & YOUNG, CHENNAI

[ALUMNI B.E. (CSE) 2022]

Coordinators

J.M. Gnanasekar, Prof./CSE,

T. Rajasekaran, ASP/CSE

K. Srinivasan, AP/CSE

S. Yuvaprabha, AP/CSE

Technical Support

J. Senthil Kumar, Instructor/CSE

Organizing Secretary

Dr. P. Janarthanan, Prof./CSE,

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

WORKSHOP ON EMERGING DATA ENGINEERING TECHNOLOGIES

AGENDA

DATE

TOPICS

29-01-2024

Generative AI & Large Language Models (LLM)

SUNDAR

ERNST & YOUNG, CHENNAI

30-01-2024

Dockers Technology

SURAJ RAM

EMBEDUR SYSTEMS, CHENNAI

31-01-2024

Test-Driven Development (TDD) with SOLID principles

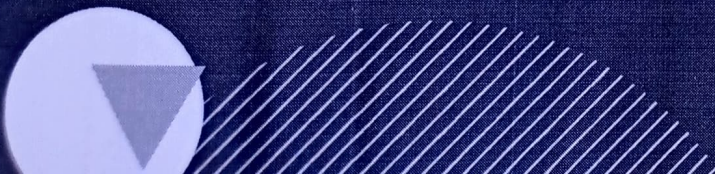

SREE VISHAL

SMALLCASE, BENGALURU

FOR REGISTRATION

Report on Technical Sessions

Day 1 (29-01-2024):

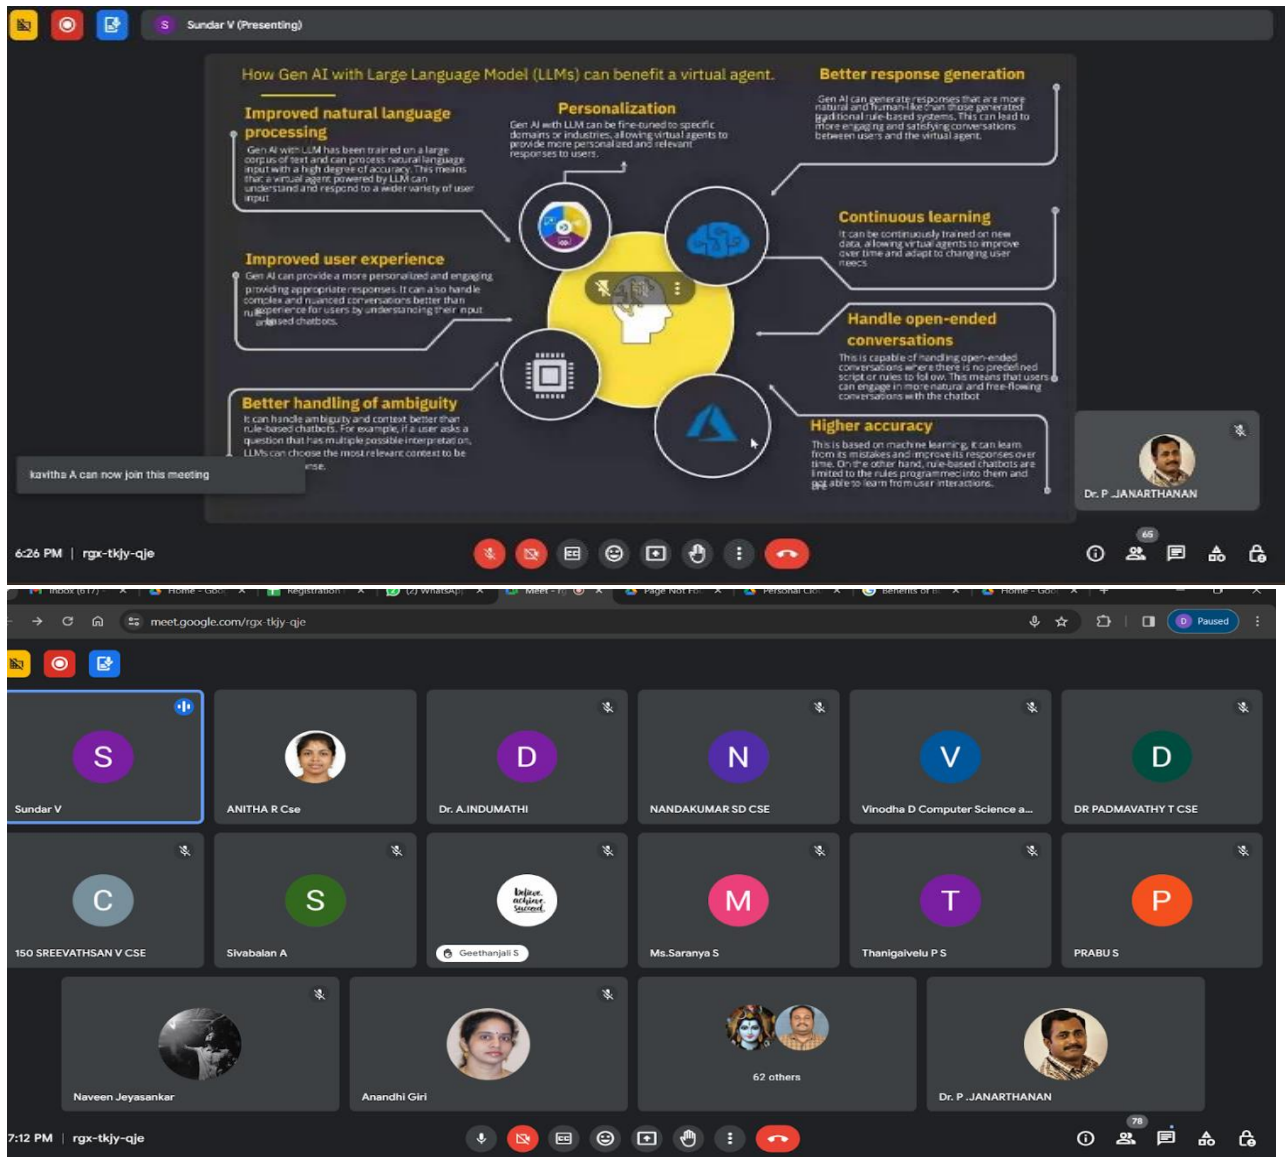

The “Workshop on Emerging Trends in Data Engineering”, was inaugurated by our beloved Head of the Computer science and Engineering Department. Dr P Janarthanan, the Organizing secretary delivered the welcome address. Dr R Anitha, Professor and Head, CSE delivered the inaugural address. Mr. V Sundar, Associate Consultant, Ernst and Young Pvt. Ltd., Chennai, an alumnus of SVCE, is the technical resource person for Technical Session I of the workshop.

He delivered a lecture on the topic “Generative AI and Large Language Models (LLMs). He elaborate about the distinctions between Generative AI and Classical AI. Sundar V highlighted how Generative AI, particularly in the form of advanced LLMs like GPT-3, exhibits a creative and context-aware understanding of language, allowing for more nuanced and human-like interactions compared to rule-based Classical AI systems.

During the session, Sundar V emphasized the significance of custom knowledge repositories for Generative AI chatbots. These repositories serve as tailored information sources that enhance the chatbot's ability to provide accurate and contextually relevant responses. The nuanced understanding of context enables these chatbots to handle a broader range of queries and engage in more meaningful conversations with users.

An illustrative use-case discussed by Sundar V showcased the potential of Generative AI in addressing real-world challenges. The example focused on a chatbot designed to assist mothers in identifying post-partum depression and providing information on pregnancy-related queries. Sundar V explained how such a Gen

AI-powered chatbot could offer empathetic responses, offer support, and share valuable insights, contributing to improved mental health awareness and assistance for new mothers. This use-case underscored the transformative potential of Generative AI in addressing diverse and complex scenarios. Mr K Srinivasan, Asst. Prof., CSE, delivered the vote of thanks after the participant interaction.

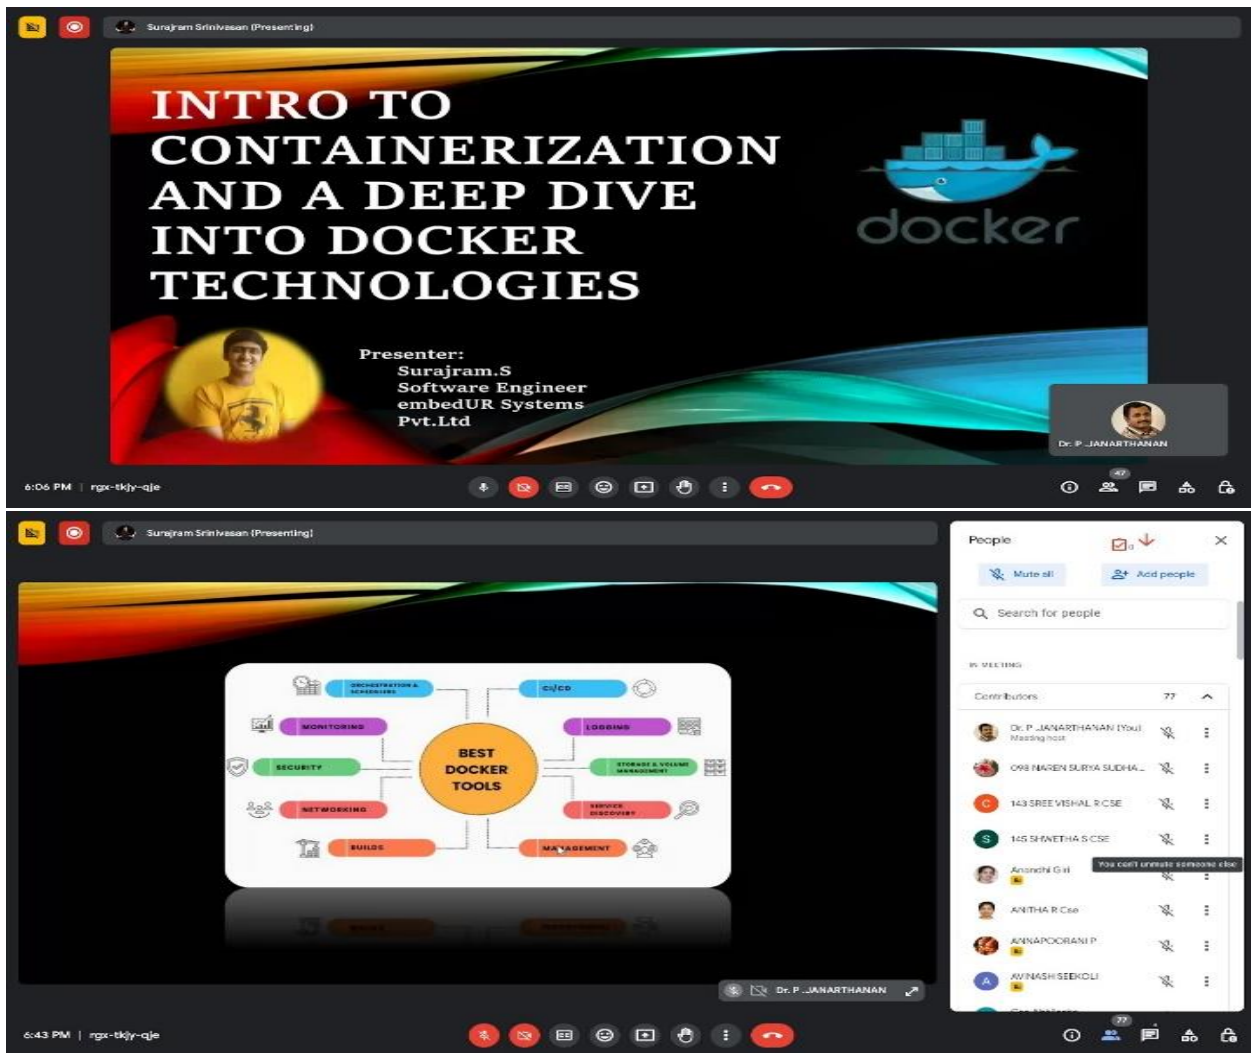

Day 2 (30-01-2024):

Mr. Suraj Ram, Software Engineer, EmbedUR Systems, Chennai, an alumnus of SVCE, is the technical resource person for Technical Session II of the workshop. He delivered a lecture with demonstration on the topic “Docker Technologies”.

This session mainly focused on the basics of containerization and its applications in real time scenario. The session started with a brief overview about the need for containers and the associated terminologies with respect to the containers. Then the advantages of using containers were discussed. It was followed by a brief introduction to the various containerization platforms.

Then the discussion shifted towards the Docker containers, widely used by the industry. The Docker is the major and the most prevalent containerization and orchestration platform. The basic commands and its applications are discussed. The advantages of Docker over the other containerization platforms also briefed. The Multi container environments with Docker swarm and Docker compose are the salient feature of Docker.

The second half of the technical session was the live demonstration using Docker. The demonstration part focuses on 2 major sections viz. Docker file and Docker compose method. The Docker compose method is used to achieve the Multi-container architecture. The Docker image for a real-time scenario was also developed and deployed.

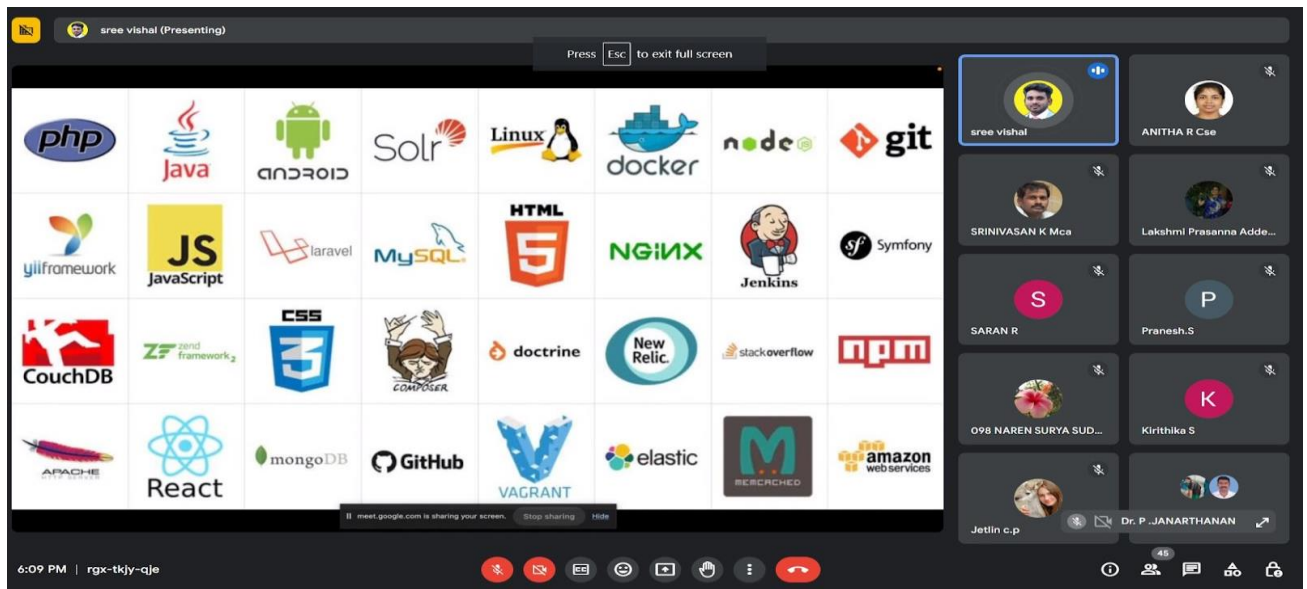

Day (31-01-2024):

Mr. Sree Vishal, Senior Development Engineer, smallcase, Chennai, an alumnus of SVCE, is the technical resource person for Technical Session III of the workshop. He delivered a lecture with demonstration on the topic “TDD with SOLID design principles”.

The speaker emphasizes the importance of mastering software engineering fundamentals. The focus is on writing good code and managing its codebase, as opposed to chasing the latest technologies. The workshop aims to teach not just software engineering but also how to maintain good software. The software engineering treats the development and the maintenance as interconnected. The ultimate goal is to create fully and properly tested software using Test Driven Development (TDD).

In this session, the speaker talked about trade-offs between the code testing and perfection. The speaker advocates for setting up proper TDD to achieve the best of both worlds. As the product grows, Maintenance of the test cases is emphasized for effective TDD implementation. Regular practice of TDD and SOLID principles will ensure the recognition of the good or bad code.

In the final part, the speaker showed a demo on writing unit test cases using Jest library. The speaker also demonstrated the various SOLID design patterns with suitable practical scenarios. He also explained how the SOLID patterns are supporting in developing the unit test cases. Finally, the speaker emphasis on the importance of adapting the trade-offs between time, cost, and quality.

Outcomes:

The participants are able to:

- Gained the knowledge on Generative AI and LLM
- Understood the containerization concept and Docker tool
- Acquired the importance of Software Development in TTD with SOLID principles
- Develop projects using the LLM with the support of Docker
- Apply the SOLID principles in their projects

SRI VENKATESWARA COLLEGE OF ENGINEERING (SVCE)

PENNALUR, SRIPERUMBUDUR-602117

Report on Workshop on Emerging Data Engineering Technologies

Date: 29th January – 31st January 2024

Time: 6:00PM – 7:30PM

Objectives:

The Objective of this Workshop is to give an industry exposure to the students and faculty community on the current trends, in the field of Data Engineering.

About the programme :

The workshop is conducted to impart the latest and emerging technologies currently used in the industry. This workshop is intended to provide opportunities for faculty members and students from various Institutions for upgrading their knowledge and acquiring practical skills in the emerging technologies in the field of Data Engineering.

Benefits:

Faculty members and the Students are benefited over the workshop as it covers the emerging technologies like Generative AI and Dockers.

Outcomes:

The participants are able to:

- Gained the knowledge on Generative AI and LLM
- Understood the containerization concept and Docker tool
- Acquired the importance of Software Development in TTD with SOLID principles

Prepared by (Coordinators)

1. Dr. P. Janarthanan
2. Dr. J. M. Gnanasekar
3. Dr. T. Rajasekaran
4. Mr. K. Srinivasan
5. Ms. Yuvapraba

HoD/CSE

Expenditure Statement

Sl. No	Particular	Expenses
1	Chief Guest Honorarium - (3*1000)	3000.00
2	Certificate Printing (Online)	0.00
Total		3000.00
