21st Annual ISTE Tamilnadu Section Engineering Students Convention on Recent Technological Trends and Engineering Innovations Powering A Sustainable Future

DATE OF CONVENTION
29-04-2023

Sub Themes

Registration Fee

ISTE Student Members: Rs: 100/-

Non-ISTE Student Members: Rs: 200/-

- Student registration cannot be canceled. However, a name change would be permitted
- A student can attend a maximum of two events
- Payment shall be made through online only.
- On the spot payment is not encouraged

Convenors:

ISTE SVCE Faculty Chapter

Dr.S.Gopinath, Chairperson,
Mobile: 94 451 15107

Mr. S.Senthil Rajan, Secretary cum Treasurer,
Mobile: 94 444 47806

ISTE SVCE Students Chapter

Dr.S. Natarajan, Chairperson
Mobile: 99945 15856

Mr. G. Kirubakaran, Secretary Cum Treasurer,
Mobile: 89036 26901

LAST DATE FOR REGISTRATION: 26th APRIL 2023

DATE OF INTIMATION: 28th APRIL 2023

DATE OF EVENT: 29th APRIL 2023

Refer the Website for more details:

- Industrial IOT
- Industrial Automation
- Materials Technology
- Smart Manufacturing
- Product Development using Fusion 360

- Ocean Engineering
- Bio-fouling and anti-fouling
- Marine Science & Sustainable Technology
- Marine Conservation Solutions
- Sustainable Marine Aquaculture

- Development of Smart City
- Nano-technology based cementitious material
- Geospatial Technology
- Life Cycle Assessment

- Augmented Reality/Virtual Reality
- Video Analytics
- Digital Trust Using Block Chain Technology
- Datafication in Data Science
- Computing Power Using AI

- 3D Bioprinting Technology & Applications
- Food Processing and Shelf-Life Extension
- Bio-based Cosmetics & Personal Care Products
- Innovative Technologies in Agriculture

Paper Presentation

Workshop on Design Thinking

Events

Project Exhibition & Displays

Poster Presentation

- 
- 5G Technology and smart antenna systems
 - IOT and Machine Learning Applications
 - Smart Systems and Automation
 - UAV & V2V communication
 - Healthcare Informatics & Signal Processing

- 
- Green Building & Sustainable Development
 - Advancements in water purification
 - Energy from waste
 - Carbon Sequestration

- 
- Building Information Modelling
 - Big Data and Data Analytics
 - Cyber Security & Block Chain Technology
 - Extended Reality
 - Cloud & Sustainable Computing

- 
- Smart Grid Technologies
 - Electric Vehicles
 - Renewable Energy Technologies
 - Green and Self Powered IOT & Sensors

- 
- Challenges in EVs and HEVs
 - Simulation and Modelling of EVs
 - Autonomous Vehicles
 - CNG and Hydrogen Vehicles
 - IOT Applications in Automotive Vehicles
