About the Chief Guest

Guest lecture by Mr. Prashanna Rangan R

Prashanna Rangan R works as a Senior Mechatronics Engineer with THRYV Mobility on wheelchair mobility solutions. He started his career with TITAN Company Limited (Watches and Wearable Division) as an automation engineer with extensive involvement in Physical Vapour Deposition systems. He completed his Masters in Industrial Automation and Robotics and Bachelor's in Mechatronics Engineering. He has published his researches in more than 10 indexed international journals and has filed 2 patents on prosthetics and wearable devices. He has been an active peer reviewer and have reviewed more than 12 research and review articles in highly reputed and recognised journals. He is a self-driven, optimistic and budding robotics engineer and a creative experimenter with an active collaboration attitude towards elevating joint research. He is an enthusiastic and inventive researcher with expertise in exoskeleton and assistive technologies, biomechanics and automation. His primary focus is on developing devices for joint-specific rehabilitations and need-based assistance with equipping a wide variety of technologies. He has also delivered invited talks and lectures on various technological topics in several prestigious institutions.

About the event

The event started with the presentation of annual report for ECE Association by Ms. Deepika S, Treasurer, ECEA followed by the annual report for IETE-SF, by Mr. Mukesh S, Secretary, IETE-SF and the annual report for RAIC, by Ms. Snekaa R, Secretary, RAIC. During the event, Dr.G.A.Sathish Kumar, HOD, ECE, honored the chief guest, Mr. Prashanna Rangan R, with a memento. Followed by this he honored all the senior office bearers of the academic year 2023-24 for their unwavering dedication and commitment towards the organization activities.

Dr.G.A.Sathish Kumar, HOD, ECE addressed the gathering and congratulated all the office bearers for their support for organizing events and activities. Then, the chief guest delivered a guest lecture on the topic, **“Role of Embedded systems in Assistive Healthcare Technologies”**. He emphasized the significance of AI-based machinery in providing primary or secondary support to humans, particularly highlighting their role in aiding handicapped individuals. They discussed the determination exhibited by such individuals in overcoming challenges, emphasizing how these machines contribute to building their confidence and determination to lead fulfilling lives.

Dr.T.J.Jeyaprabha, ASP, ECE and faculty coordinator of ECEA, IETE-SF, RAIC, delivered a speech wherein she praised all the office bearers for their efforts in the organization of the events throughout the year.

Then, all the senior office bearers took a moment to reflect on their incredible journey in the association and shared about their experiences. Mr. V.S.Prithiviraj, President, ECE Association, delivered the vote of thanks, expressing the gratitude towards all the students and faculties who were a constant support throughout the year for all the events conducted by the association. The event concluded with the National Anthem.
