**ALL ARE CORDIALLY
INVITED**

ABOUT THE INSTITUTION

Sri Venkateswara College of Engineering (SVCE), a premier self-financing institute started in the year 1985 and became autonomous institution in the year 2016. The College conducts 12 BE / B.Tech Degree courses and 8 PG programs in Engineering. 11 research centers approved by Anna University cater to MS (by Research) and Ph.D programs. The courses are approved by AICTE and affiliated to Anna University, Chennai. The college is also accredited by National Assessment and Accreditation Council (NAAC). Many programs are accredited by National Board of Accreditation (NBA). The college is also certified by IRQS for ISO 9001:2015. The college is spread over 95 acres of land, situated at about 37 kms from Chennai on the Chennai – Bangalore National Highway (NH-4) at Pennalur, Sriperumbudur. The main objective of this institution is to impart knowledge to undergraduate, postgraduate, research students, and faculty members.

ABOUT THE DEPARTMENT

The Department of Electronics and Communication Engineering is established during the academic year 1985-86 with students' intake of 60 and the same is increased to 180 during the academic year 2012-13. The UG program is accredited by NBA since April 2002 and thereafter continuously obtained the accreditation for the UG program. The department has strength of around 750 students and 40 highly experienced faculty members to offer good academic support to students. The faculty members have maintained high valued funded projects from prestigious organizations such as ISRO, AICTE, DRDO, and TNSCST, etc., The Department also signed a good number of MOUs with reputed companies to ensure industry involvement for framing the syllabus under the autonomous regulation.

ABOUT THE CONFERENCE

Computers have emerged as a central part of human society, playing a vital role in policymaking and fostering growth as we transition from an information society to an intelligent one. Traditional computing on data is woefully inadequate in today's era of digital civilization, with the internet of all things. In recent years, advances in computing science, intelligent perception of the physical world, and an understanding of the cognitive mechanism of human consciousness have all contributed to a higher general level of computing intelligence, which in turn has facilitated a faster rate of discovery and new knowledge creation. In spite of all the progress that has been made in computing and intelligence, there are still two key obstacles to overcome.

International Conference on Intelligent Computing and Next-Generation Wireless Networks (ICNGWN-2023) aims to address the above challenges in this era. This conference gives a platform for researchers, students, faculty members, and industry people to discuss their thoughts and ideas which provide the solutions for the above-mentioned issues in intelligent computing and next-generation wireless networks.

CALL FOR PAPERS

Papers reflecting original research or novel designs/applications are invited in, but not limited to, the following tracks:

- ✓ Track 1 (Computing)
- ✓ Track 2 (Intelligent Computing Applications)
- ✓ Track 3 (Wireless Networks)
- ✓ Track 4 (IoT and Cyber-Physical Systems)
- ✓ Track 5 (Sustainable Development)
- ✓ Track 6 (Artificial Intelligence Fundamentals)
- ✓ Track 7 (Next Generation Networks and Beyond)
- ✓ Track 8 (Security)

REGISTRATION FEE

Online Participants – 100 USD + GST

Offline Participants – 150 USD + GST

IMPORTANT DATES

Full Paper Submission deadline	25-07-2023
Notification deadline	25-08-2023
Camera-ready deadline	15-09-2023

PUBLICATION

All registered papers will be published in EAJ CORE series as a proceedings book and made available through European Union Digital Library (EUDL). Proceedings will be submitted for inclusion in leading indexing services, such as Ei Compendex, Web of Science, Scopus, Google Scholar, DBLP, and EU Digital Library.

All accepted authors are eligible to submit an extended version in a fast track of:

- ✓ EAI Endorsed Transactions on Industrial Networks and Intelligent Systems
- ✓ EAI Endorsed Transactions on Mobile Communications and Applications

Additional publication opportunities

- ✓ EAI Transactions series (Open Access)
- ✓ Springer Innovations in Communications and Computing Book Series (Scopus)

PAPER SUBMISSION

Papers should be submitted through EAI "Confy++" system, and have to comply with the CORE format.

- ✓ Regular papers should be up to 12-15+ pages in length.
- ✓ Short papers should be 6-11 pages in length.

ACCOMMODATION

Accommodation and boarding will be provided in the college premises on chargeable basis.

Respected Sir,

Sub: Requisition of Conducting an International Conference - Regarding

I have submitted a proposal to the **European Alliance for Innovation (EAI)** conference titled "**International Conference on Intelligent Computing and Next Generation Networks**" during 19-10-2023 & 20-10-2023. The EAI has approved the proposal and agreed to sponsor the conference. In this regard, all financial assistance will be sponsored by EAI. The conference does not require any financial assistance from the host institution. I hereby attached the sponsorship application form for your reference.

The event is organized in Hybrid mode (Online and Offline) and the proceedings will be indexed in Scopus. This conference gives a platform for research scholars, students, faculty members, and industry people to discuss their thoughts and ideas which provide the solutions for the various issues in intelligent computing and next-generation wireless networks. I hereby attached an acceptance copy from EAI for your reference. In this regard, I am requesting you to grant permission to conduct the event at our college in a successful manner.

Thank You,
To THE PRINCIPAL

REPORT

ON

"EAI - International Conference on Intelligent Computing and Next Generation Wireless Networks (EAI ICNGWN 2023)"

Organized by

Department of Electronics and Communication Engineering,
Sri Venkateswara College of Engineering, Sriperumbudur

Event Name	EAI - International Conference on Intelligent Computing and Next Generation Wireless Networks (EAI ICNGWN 2023)
Coordinator	Dr. A. PRASANTH, Assistant Professor/ ECE, SVCE. Mr. N. SATHISH, Assistant Professor/ECE, SVCE. Mr. V. YOKESH, Assistant Professor/ECE, SVCE Mr. P.ARUL, Assistant Professor/ECE, SVCE
Venue (College/Institute)	Sri Venkateswara College of Engineering, Sriperumbudur
Date & Time	19-10-2023 & 20-10-2023, 9am - 3pm
Invited Speakers	<ol style="list-style-type: none">1) Dr. Ketan Kotecha, Dean, Faculty of Engineering, Symbiosis International (Deemed University), Pune, India.2) Dr. Ali Kashif Bashir, Professor in Networks and Security, Leader, Future Networks Lab, Head, Advanced Cybersecurity Testbed, Manchester Metropolitan University, UK3) Dr. B.Balamurugan, Associate Dean-Student Engagement, Shiv Nadar University, Delhi, India
Objectives	The primary goal of this conference is to promote the exchange of the most recent research information on intelligent computing and next-generation wireless communication systems. The conference will mainly focus on recent advances in the fields of Wireless Networks, Artificial Intelligence based Computing, and their applications in different domains.
Target Audience	Research Scholars, PG students, Academician and Industry persons
Brief Report including above information	The conference was conducted in Two days (Hybrid Mode). Totally, 192 full papers were submitted to the conference. For each paper, three reviewers were assigned,

and based on the reviewer recommendation, 73 full papers were accepted at the conference. These 73 full papers were presented in the five different tracks which will be carefully reviewed by the session chairs. The major tracks of the conference are as follows:

- 1) Security and Smart Applications,
- 2) IoT and Computing,
- 3) Intelligent System,
- 4) Artificial Intelligence and Applications,
- 5) Electrical System.
