Principal, SVCE

CONFERENCE CHAIR

Dr.V.Vidhya, Professor & Head

Department of Information Technology, SVCE

ORGANIZERS

Dr.V.M.Sivagami, Professor,

Department of Information Technology, SVCE

Mr.A.Thiyagarajan, Assistant Professor,

Department of Information Technology, SVCE

The Conference

Over the past years there have been numerous efforts towards a better understanding of the technology of communications and informatics. Rapid changes have taken place and a lot of new algorithms and ideas have been proposed.

The Objective of the conference is to provide:

- A platform where scientists and technologists present, observe and share their latest research results or research ideas that will be relevant for the future.
- A foundation for expanding Research and Industrial cooperative initiatives.
- A launch pad to exhibit the latest research concepts and products.

The Theme of Conference is to highlight the current status of research in the areas but not limited to

- Cyber Security
- Internet of Things and Data Science
- Android Applications
- Image Processing and Computer Vision
- Cloud Computing and its Applications
- Big Data Analytics and Green Cloud
- Software Defined Networks
- Artificial Intelligence Applications
- Machine Learning in Control Applications
- Deep Learning
- Natural Language Processing
- Intelligent/Adaptive Systems
- Augmented Reality and Virtual Reality
- Collaborative Learning
- Ontology and Semantic Web
- Multimodal Human Computer Interface
- Quantum Computing
- Adhoc and Wireless Sensor Networks

Session Chairs

Session Chairs of NCCI - 2025 include experts from Industry and Academic fields.

Who Should Attend?

The Conference is intended for research scholars, faculty, UG and PG students of Engineering Colleges with relevant background.

About The Host Institute

Sri Venkateswara College of Engineering (SVCE), founded in 1985, is a prominent self-financing engineering institution governed by the Sri Venkateswara Educational and Health Trust (SVEHT). The college offers academic programs approved by the Government of Tamil Nadu and the All India Council for Technical Education (AICTE), and is affiliated with Anna University. Accredited by the National Assessment and Accreditation Council (NAAC), SVCE upholds high academic and institutional standards. Nestled in a tranquil environment about 37 km from Chennai, the college is located along the Chennai–Bangalore National Highway (NH4), occupying a vast 95-acre campus in Pennalur, Sriperumbudur.

The Department of Information Technology has well qualified faculty and is running undergraduate course in B.Tech Information Technology and post graduate course in M.Tech Cyber Forensics and Information Security.

This is the first of its kind among Indian universities. The Department has also been recognized as a Research Centre by Anna University, with numerous scholars actively engaged in research. The B.Tech Information Technology program has received accreditation from the National Board of Accreditation (NBA) till 2028.

SVCE has been designated as a National Resource Centre under the National Cyber Security Programme (NCSP) by the National Cyber Safety & Security Standards. This centre is overseen by the Department of Information Technology.
